

CUSTOMIZING SOLUTIONS TO MEET YOUR NEEDS

When it comes to eDiscovery, WilmerHale clients expect innovative, customized solutions that balance their time, cost and risk constraints.

WilmerHale recognized many years ago the increasing role of eDiscovery in the legal industry and invested in technology, talent and training to improve our process and the efficiency with which we ascertain the key facts of our clients' matters.

Our Smarter Discovery strategy leverages the advanced capabilities of database platforms, from smart filtering and conceptual searching to predictive coding and concept grouping, to provide dynamic eDiscovery solutions. Our results save clients time and money and derive from our comprehensive understanding of the entire eDiscovery process.

Smarter Discovery allows us to identify key documents quickly and prioritize the review of relevant data, increasing efficiency while keeping review costs down. Applying cutting-edge technology and customized solutions, we bring to bear the highest quality eDiscovery services for our clients.

LEVERAGING TOP TALENT TO MAXIMIZE EFFICIENCY

Our team—consisting of consulting attorneys, staff attorneys, discovery attorneys and litigation support and technology personnel—emphasizes efficiency, quality and communication. We provide comprehensive training programs to ensure that the team is up to date on the latest trends and developments in eDiscovery.

LEADING EDISCOVERY DEVELOPMENTS

- 2007:** WilmerHale conducted a complete evaluation of its eDiscovery strategy to more efficiently address our clients' ever-increasing data with the goal of offering alternatives to cost prohibitive and impractical linear review.
- 2008:** We entered into a licensing agreement with an eDiscovery technology solution developer and continue to collaborate with this partner to strengthen our technology infrastructure.
- 2010:** We developed a discovery attorney program, which now consists of nearly 70 attorneys who specialize in document review and benefit from ongoing training in the latest technological advances in the industry. At the same time, WilmerHale Discovery Solutions was officially launched, bringing our technology and eDiscovery legal teams together.
- 2014:** To provide clients with transparent and effective discovery plans that match their needs and budgets, the firm invested in extensive project management training that enhanced the efficiency and productivity of our work streams.
