

Technology

2015: Market leaders and technological innovators in a wide range of industries turn to WilmerHale for legal advice and strategic counseling. We provide solutions to the business challenges facing companies at all stages of growth in diverse industries, including cybersecurity, energy, fintech, hardware, healthcare, materials, media, mobile technology and software. For more than four decades, we have represented technology clients in venture capital financings, public offerings, and mergers and acquisitions; handled their licensing, outsourcing, services, joint venture, development and distribution transactions throughout the world; protected their innovations through patent prosecution and portfolio development; defended their interests in enterprise-critical patent litigation; and navigated regulatory issues vital to their success. The following is a selection of our recent technology transactions.
