

## Tax

WilmerHale's nationally recognized tax lawyers have decades of experience advising clients on their most challenging tax questions and are capable of efficiently managing matters of any size and complexity. We deliver significant value to our clients by providing creative, strategic and practical tax-planning solutions in a wide variety of contexts, including in connection with domestic and international M&A and financing transactions, complex partnership tax matters and issues specific to tax-exempt organizations.

### PRACTICE AT A GLANCE

- **M&A Transactions:** We advise public and private companies and their owners on the structuring and execution of taxable and tax-free mergers, acquisitions, spin-offs, restructurings and liquidations.
- **Capital Markets and Financing:** We advise companies and investors on tax issues related to private company financings, secondary transactions, public offerings, including Up-C structures, debt transactions and private equity financings.
- **Strategic Investments:** We advise life science companies and financial institutions on tax issues relating to their collaborations, joint ventures and other strategic investments.
- **Complex Partnership Taxation:** We regularly guide private equity, venture capital and hedge funds, as well as other financial services company clients, through complex tax issues unique to partnership taxation.
- **International Tax Planning:** We develop and implement tax-efficient structures for cross-border transactions and regularly advise on transfer pricing structures and international sales and manufacturing business models. We routinely lead multi-jurisdictional planning and advisory projects.
- **Tax-Exempt Organizations:** Our tax-exempt organizations practice advises a broad spectrum of US and foreign nonprofit organizations, including universities, museums, private foundations, and research and charitable organizations.
- **State and Local Tax:** We advise clients in their interactions with the IRS and other state and local tax authorities.
