

2007 Information Technology

Market leaders in a wide range of industries turn to WilmerHale for information technology legal advice and business advantage. We provide solutions to the challenges facing companies at all stages of growth in industries as diverse as enterprise software, semiconductors, nanotechnology, e-commerce, telecommunications, financial services, biotechnology and business process outsourcing. For over four decades, we have represented our clients in licensing, outsourcing, services, joint venture, development and distribution transactions throughout the world; patent prosecution and portfolio development; and corporate finance and liquidity transactions.
