

2004 TECHNOLOGY TRANSACTIONS AND LICENSING

Market leaders in technology, life sciences, financial services, communications and many other industries turn to Wilmer Cutler Pickering Hale and Dorr for legal advice and business advantage. In 2004, our corporate, licensing and intellectual property lawyers handled hundreds of licensing, product development, outsourcing, manufacturing, distribution, joint venture, strategic alliance and similar agreements, including deals that are helping to shape the future of science and technology. In recent years, we have advised clients on strategic alliances that have received industry recognition for their importance, and our lawyers have been recognized as global leaders in this field.
