
Dayton

Often referred to as the "Gem City," Dayton is a busy, mid-sized town in southwestern Ohio and home to the WilmerHale Business Services Center.

WilmerHale Dayton Office

3139 Research Boulevard
Dayton, Ohio 45420
USA

+ 1 937 395 2100

WilmerHale's Business Services Center in the Dayton, Ohio region opened in September 2010 and houses more than 250 employees—some transfers from existing WilmerHale offices and some new hires from the Dayton area.

With a history of technical innovations and a diverse metropolitan area, Dayton is known for its high concentration of aerospace and aviation technology companies. Also home to several international corporations and Wright Patterson Air Force Base, Dayton offers a wonderful quality of life for those who call the region home.

Individuals in the Business Services Center include administrative support staff who are critical to WilmerHale's business needs, but whose job functions do not require direct daily contact with our lawyers. Bringing together services such as finance, human resources, information services, operations, document review and management, and practice management into a central location provides improved efficiencies and reduces significant operational expenses for the firm.

The firm's DiscoverySolutions team is also based in Dayton. These attorneys focus on providing e-Discovery and document review support for firm clients across industries and practices. They leverage our in-house cutting-edge technology or third party document review technologies to provide the most cost effective and accurate document review to our clients, while working seamlessly with our matter teams to build greater efficiency into the discovery process than has

ever been possible.
