WilmerHale's London office was established more than 40 years ago. With lawyers qualified in the United Kingdom, United States and many of the major European and other jurisdictions, our London team is 65 strong and focuses specifically on international arbitration, investigations and criminal litigation, financial services enforcement, intellectual property litigation, and UK/EU competition law.

Our London-based International Arbitration and Dispute Resolution Practice is world-renowned and has been involved in some of the largest, most complex and challenging international arbitrations to arise in recent years. Our UK white collar defense and investigations lawyers advise on all aspects of criminal and regulatory investigations, working across jurisdictions on matters such as fraud, insider dealing, market abuse, bribery and corruption, cartel defense and corporate investigations. Our London IP Litigation Practice advises clients across the full range of intellectual property disputes, including those relating to patents, breach of confidence and trade secrets, trademarks, passing off, domain names, copyright, registered designs and design right. Our UK Competition Practice advises on all aspects of UK and EU competition law, including merger notifications, cartel investigations and damages actions. We represent clients before the Competition and Markets Authority and the European Commission and in litigation before the High Court, Competition Appeals Tribunal, the Court of Appeal and the EU Courts.
