

14th Annual WilmerHale Intellectual Property Conference

NOVEMBER 17, 2014

WilmerHale's Intellectual Property Department is pleased to again host our annual conference and examine the latest developments in intellectual property law. This year's program addresses:

- important developments at the Supreme Court and Federal Circuit;
- European patent litigation jurisdiction issues and the dramatic changes on the horizon that will be introduced by the new European Union Unified Patent Court; and
- the increased use of post-grant proceedings under the America Invents Act, including strategic implications for both technology and life science companies.

The conference also features a discussion with [Robert S. Mueller III](#), former Director of the Federal Bureau of Investigation (FBI) and current WilmerHale Partner, on how the changing landscape of cybersecurity and data privacy can impact your business.
