

## 2014 Treasury and Capital Markets Legal and Legislative Issues Conference

OCTOBER 23-24, 2014

By attending this conference, participants will acquire an understanding of the challenges and regulatory "hot button" priorities currently facing banking and securities attorneys, compliance professionals, risk managers, internal auditors and regulators in the banking and bank-affiliated broker-dealer industry.

WilmerHale Partner Jonathan Cedarbaum will moderate the panel "Cybersecurity, Data Privacy & Vendor Oversight." The panel will outline new trends in the cyber threat environment, discuss recent legislative and regulatory initiatives in the US and EU, provide updates on the work of the FFIEC's Cybersecurity and Critical Infrastructure Committee and the Treasury Department's Cybersecurity Intelligence Group, and will discuss the latest developments in data security and privacy on mobile apps, in the Cloud, and with respect to "big data" and the "Internet of things."
