

2018 International Cartel Workshop

FEBRUARY 14-16, 2018

The Paris conference will continue the Workshop's long tradition of instruction by demonstration and its growing use of multi-media. A faculty of highly experienced attorneys and enforcers from around the world will take you through a hypothetical global cartel investigation, from detection of a conspiracy by company inside counsel to the ultimate disposition of the enforcement actions in jurisdictions around the world. The Workshop will highlight current developments in cartel enforcement in many jurisdictions. In addition to the demonstrations that will illustrate how these new developments impact cartel enforcement, the program will feature an enforcers' roundtable where questions will be put to the top enforcers from the United States, the European Commission, Canada, Japan, France, Australia and Brazil.

WilmerHale Partner Thomas Mueller will speak during "Demonstration 1: A Public Company's Board Grapples With Discovery Of Misconduct, Options In Response, Corporate Governance & Other Issues."
