

Blockchain Startups and the SEC

MARCH 8, 2018

As the regulatory environment for startups has tightened substantially, CEOs of three blockchain startups discuss the impacts these regulations can have on companies. Join WilmerHale attorneys and Clear Ventures Blockchain Entrepreneurs for a discussion about blockchain startups and how to navigate this shifting landscape.

WilmerHale Partner Glenn Luinenburg will provide an update on the regulatory environment as well as startup founders active in this space. He will be joined by Yann Ngongang (Co-Founder, VEVA.one), Mike Jones (8 Circuit Studios) and Ivan Ravlich (CEO, Hypernet).
