

## Enforcement 2019: Perspectives from Government Agencies

MAY 8, 2019

PLI NEW YORK CENTER

The Trump administration will continue to bring unprecedented changes in our economic, business and regulatory regimes in general, and in enforcement efforts in particular. This event will bring together panels of senior staff from the various enforcement and regulatory agencies. Over the years, these agencies have included the US Commodity Futures Trading Commission, FINRA, the New York State Department of Financial Services, the US Securities and Exchange Commission, the US Attorney's Office, the US Department of the Treasury, the US Department of Justice, the US Department of State, the Public Company Accounting Oversight Board, and the Consumer Financial Protection Bureau. Moderated by law firm enforcement practitioners, the panels will discuss agency priorities, how the agencies are working together and best practices for working with the government in today's continually changing enforcement environment.

Partner Mark D. Cahn will lead a panel titled, "Legal and Policy Developments in Enforcement."

Groupcast locations and webcast are also available.
