JUNE 24-25, 2019

NEW YORK MARRIOTT EAST SIDE HOTEL

The ACI Summit on Biosimilars is the industry's one and only event directed to the legal, regulatory and commercial aspects of the biosimilars marketplace. The speaking faculty will consist of top innovator and biosimilar makers, government representatives and leading law firms as they discuss the hottest industry challenges and provide their skilled insights into the design and execution of successful biosimilars strategies.
