

## 4th Annual Congress on Long Term Gas Supply Contracts

JULY 3, 2014

While the negotiation and renegotiation of long term gas supply contracts clearly remains a highly topical issue, with the benefit of a number of recent landmark arbitration decisions on long-term gas supply contracts, the gas industry now has insight about what did and didn't work providing a new level of clarity for long-term contracts currently in dispute. C5's 4th annual Congress on Long Term Gas Supply Contracts remains the only event focused exclusively on this industry critical issue. This congress will served as a guide to successfully negotiating and renegotiating long term gas supply contracts.

WilmerHale Partner Steven Finizio is a featured speaker at this event and will moderate a panel titled "Establishing an Effective Arbitration Agreement and Overcoming the Hurdles of Price Review Arbitrations to Ensure a Timely & Successful Process."
