SEPTEMBER 17, 2014

*Inter Partes* Review (IPR) proceedings before the Patent Trial and Appeal Board (PTAB) offers an attractive option for parties seeking to challenge the validity of issued US patents, while affording substantive and procedural rights previously limited to patent litigation in the courts.

Join WilmerHale's [Intellectual Property Practice](#) for a five-part webinar series, during which attorneys will provide strategic guidance on the implication of IPR changes and how they affect your business.

In the third session, Intellectual Property Partner [Peter Diciara](#) and Intellectual Property Litigation Partner [Wayne Stoner](#) discuss strategic considerations following the conclusion of the merits briefing, including motions to exclude, motions for observation and preparation for and conduct of the hearing. The discussion includes past approaches, PTAB precedent and preservation of appellate rights.
