

American Conference Institute: 8th National Conference on Reducing Legal Risks in the Sale and Marketing of Medical Devices

2008-11-17

Presented by American Conference Institute, this conference brought together a faculty of 17 distinguished in-house counsel and compliance officers, 9 government enforcers and regulators, and leading outside counsel, to provide attendees with the strategies needed to not only develop an ethical compliance infrastructure, but also the ability to show commitment to compliance through intensive training, supervision, and monitoring, as well as the skills needed to remediate before the prosecutors come knocking and the knowledge on when and how to cooperate if they do.

WilmerHale Partner Karen Green was a featured speaker at this event.
