

## American Conference Institute's 3rd National Forum: ITAR Compliance

JULY 23-24, 2008

Creating an adequate ITAR compliance program is complex and U.S. exporters must be up to date on the latest developments and enforcement initiatives of defense trade controls. The American Conference Institute is assembling once again an exceptional faculty of top business, legal and government officials for their 3rd National Forum on ITAR Compliance. This advanced forum will provide attendees with an update on civil and criminal ITAR enforcement, state of the art licensing and compliance practices as well as practical advice on how to successfully implement ITAR controls.

WilmerHale partner Ronald Meltzer will be a featured speaker at this event. On July 22, he will speak on the topic of, "ITAR Licensing: How to Prepare Effective DSP-5s, TAAs and MLAs That Will Impress DTC's Toughest Licensing and Agreements Officers."
