

Biotechnology Industry Organization: 2016 BIO International Convention

SAN FRANCISCO, CA

The BIO International Convention is the largest global event for the biotechnology industry, featuring keynote addresses and sessions led by key policymakers, scientists, CEOs and celebrities. This event will offer attendees networking and partnering opportunities and provide insights and inspiration on the major trends affecting the industry. Attendees will have the opportunity to participate in hundreds of sessions covering biotech trends, policy issues and technological innovations, as well as attend the world's largest biotechnology exhibition.

WilmerHale Partner Richard Hoffman will participate as a speaker for the panel session "Contract Basics" during the BIO Business Development Fundamentals Course. This introductory level course is designed for professionals new to the life sciences business development field, or for individuals with some experience and who are interested in updating their knowledge and professional skills.
