

Boston Innovators Group Meet Up

BOSTON, MA

BIG (formerly WebInno) has been organizing and celebrating the early-stage Boston tech community for over a decade. They've aimed to support entrepreneurs, visionaries and creative thinkers in the tech sector by holding events which foster community interaction.

The quarterly meetups provide a forum for entrepreneurs from self-funded/early-stage startups to present new products to their peers, as well as an opportunity for everyone in the community to share and exchange ideas.
