

## Bloomberg Government Cybersecurity Summit

JUNE 3, 2014

Bloomberg Government's second Cybersecurity Summit, "Cybersecurity: Getting to Business," engaged a high-level audience of business executives, industry leaders and policymakers. The panels throughout the conference addressed the legal and business implications of cyber risk and the administration's critical infrastructure cybersecurity framework, congressional and legislative action, and international cooperation.

WilmerHale Partner Benjamin Powell was a featured panelist at this event and spoke on the legal implications of the evolution of cybersecurity. A [video of the panel](#) is available for viewing. And in an interview, WilmerHale Partner Robert Mueller shared his perspective on how security is being redefined in the wake of 9/11. [Mueller's interview](#) is also available for viewing.
