

Emerging from the Laboratory: Challenges Faced by Biotechnology and Other Healthcare Companies in Bringing Their Company to Market

MARCH 2, 2004

Hale and Dorr Conference Center
60 State Street
26th Floor
Boston, MA

This panel presentation will address key legal issues for companies and investors as life sciences products move from the laboratory to the marketplace. Join us as we discuss partnering with pharmaceutical companies, developing a successful patent strategy, understanding patent litigation in the United States and Europe, dealing with the FDA and going public. Our panel will offer practical advice on a range of topics pertinent to biotechnology and other healthcare companies.
