

Emerging from the Laboratory: Challenges Faced by Biotechnology and Other Healthcare Companies in Bringing Their Discoveries to Market

FEBRUARY 3-4, 2004

This panel presentation will address key legal issues for companies and investors as life sciences products move from the laboratory to the marketplace. Join us as we discuss partnering with large pharmaceutical companies, developing a successful patent strategy, understanding patent litigation in the U.S. and Europe and dealing with the FDA. Our panel will offer practical advice on a range of topics pertinent to biotechnology and other healthcare companies.
