

Harvard Club of New York: Legal Suits Against Fund Managers

2008-12-09

The Harvard Club of New York will host a breakfast roundtable discussion that will present for attendees the new paradigm of governmental oversight. This new oversight will undoubtedly increase investigations and allegations of suspected fraud, misrepresentations or malfeasance and subsequently, directors will face heightened personal risk, since they have overall responsibility for the operation of the fund's asset pricing policy and the values of illiquid portfolios. This discussion will present for attendees the best practices in protecting their enterprise, employees, directors and officers.

WilmerHale Partner Lori Martin will be a featured speaker at this event.
