

Harvard i-lab: Innovation@Harvard

BOSTON, MA

The second annual Innovation@Harvard event is a fantastic opportunity to connect with like-minded peers from across the University and discover all that the Harvard Innovation Labs has to offer. The highlight of the evening will be an all-encompassing orientation to the Harvard and local startup scenes presented by Jeff Busgang, general partner at Flybridge Capital Partners and a senior lecturer at HBS.

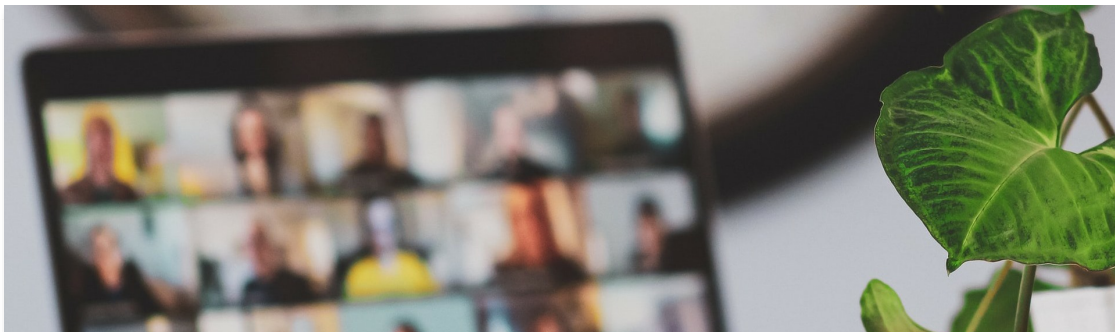

The event also presents a chance for those interested in innovation to network with the Harvard Innovation Labs' Venture Incubation Program teams, many of whom are actively looking to add team members. Come and discover all the potential people, resources, and programming that you can benefit from at the i-lab, including student groups, research programs, business plan competitions, Harvard courses, and VIP-only opportunities.

Light food and drinks will be provided.

This event is for Harvard students, faculty, staff and alumni only. Please bring a Harvard ID.
