

Harvard i-lab: Practical Operational Aspects of a Lean Life Sciences Startup

DECEMBER 1, 2015

DECEMBER

1

01:00 AM - 02:30 AM

REGISTER NOW

Boston, MA

Harvard innovation lab 125 Western Ave Boston, MA 02134

At this session, Leonide Saad, Founder and CEO of Alkeus Pharmaceuticals, will talk about figuring out which buttons to push to take your company to higher altitudes and share his advice on how life sciences startups can leverage CROs, consultants, interns, and other resources to maximize impact and optimize funding.
