

## Hi-Tech Pioneers: Presenting the Region's Top Emerging Companies in Life Science and Technology

WilmerHale, KPMG and T. Williams Consulting, Inc. are excited to partner in a new program presenting the tri-state region's top emerging life science and technology companies. Emerging companies that demonstrate uniqueness, market desirability, quality management team, funding and technological or market success are encouraged to apply. A panel of industry experts will review all applications and identify three companies as the premiere Hi-Tech Pioneers. Selected Pioneers will present to a group of leading venture capitalists at a private reception. For immediate consideration as a Hi-Tech Pioneer, please complete the attached application. Deadline for application submittal is April 4, 2003.
