

ICDR Y&I: A Guide to the New ICDR Procedures

SEPTEMBER 23, 2014

Join The International Centre for Dispute Resolution® Young and International (ICDR Y&I) for an overview of the key innovations of the newly revised ICDR international dispute resolution procedures (including mediation and arbitration rules)—the first time that the rules have been substantially refreshed since 1996.

The changes include greater process efficiencies as well as the introduction of several new procedures. Participants will interact with international speakers during the Q&A section and learn how the newly revised ICDR rules can help save time and money in international dispute resolution cases.

WilmerHale Special Counsel Dr. Maxi Scherer is a featured speaker.
