

Jagiellonian University: Eurobiotech 2010

SEPTEMBER 20-22, 2010

The Central European Congress of Life Sciences Eurobiotech 2010 with the main theme being "White Biotechnology" is the third edition of the international event which gathers over 400 of the most prominent representatives of science and business in biotechnology sector from Central Europe and from all over the world. The aim is to create a platform for international cooperation of scientists in the field of biotechnology. The Eurobiotech Congress presents an opportunity for science and business exchange with a combination of presentations, discussions, academic lectures and poster sessions.

WilmerHale Senior Associate Dr. Monika Richter will be speaking at this event. She will speak on the topic of "Biotechnology transfer and social communication - what people should know about science and research".
