

LegalTech 2013

JANUARY 29-31, 2013

LegalTech® provides an in-depth look at what the technological world has in store for lawyers and their practices, and offers an expansive exhibit floor with the most extensive gathering of innovative products designed to meet your current and future technology needs.

WilmerHale Managing Director of DiscoverySolutions Steven Berrent is a featured speaker at this event. On Wednesday, January 30 he will be giving a presentation entitled "Getting Ahead of the Cloud: The Right Resource to Put Your Data to Work," helping participants to learn the myths, realities and practical steps needed to take advantage of the cloud, making it work for them—and their clients.

On Thursday, January 31 he will giving a presentation entitled "The ROI of Predictive Coding," which will explain:

- What predictive coding is and what differentiates it from traditional linear review
- How the Predictive Coding process improves time to respond as well as accuracy and consistency of results to provide an extremely high return on investment (ROI)
- How Predictive Coding is forcing the eDiscovery industry to have a discussion of review quality that has not occurred before
- ROI comparisons between traditional linear review and Predictive Coding for small, medium and large cases
