

Merger Practice Workshop

SEPTEMBER 12, 2013

The Merger Practice Workshop is a new demonstration-based program that will take you inside the life cycle of a hypothetical merger, from pre-signing antitrust counseling, to second request compliance and advocacy to competition authorities, to negotiating remedies and consent decrees. This one-day session will highlight new developments in US and international merger enforcement trends, with leading enforcers and private practitioners demonstrating how critical decisions are actually made and providing examples of important interactions between counsel and enforcers. The Merger Practice Workshop is an unparalleled opportunity for attorneys to gain deep practical insights into the merger review process from some of the most experienced practitioners in the government, corporate and private practice sectors.

WilmerHale Partner Hartmut Schneider is a featured panelist at this event.
