MIT: Digital Media & Telecommunications: The Open Mobile Phone Debate

2008-02-04

The MIT Enterprise Forum will host a program entitled, "The Open Mobile Phone Debate: Where will Android Take Us?" Attendees will have the opportunity to participate in a panel discussion of the next mobile phone with representatives from handset manufacturers, wireless network providers, mobile application developers and other long time mobile phone industry participants.

WilmerHale is a sponsor of this event, hosted by the MIT Enterprise Forum.
