

MIT Enterprise Forum: Transparency in Music – Powered by Blockchain

CAMBRIDGE, MA

Join MIT Enterprise Forum to learn from leading proponents of new music rights and distribution models. Where are we trying to get to, and how can technology take us there? We'll learn about—and see an example of—how blockchain technology can be used by the music industry to protect music creators and performers. And, MIT Enterprise Forum will close out the evening with another demonstration—an art form we all love—live music. Come learn and rock out.
