

Perspectives on the Implementation and Enforcement of REMIT

2011-10-20

The Brattle Group will host a one-day seminar to address the critical issues raised as a result of the European Commission's Regulation on Energy Market Integrity and Transparency (REMIT). The seminar will discuss the impact REMIT will have on European energy markets, and the issues that must be addressed in order to avoid confusion over how REMIT works in practice and how it governs trading behavior worldwide. Highly-regarded regulatory, industry and legal insiders from around the world will lead various panel sessions aimed at addressing these concerns.

WilmerHale partner John Ratliff is a featured speaker at this event, and will be participating in a panel entitled "Perspectives on Key Challenges Faced in Enacting and Implementing REMIT: Issues to Address and Pitfalls to Avoid."
