

## The 2013 Annual Competition Law Fall Conference

OCTOBER 3-4, 2013

An unprecedented number of important decisions are pending (or have recently been decided) in a variety of areas including class actions, mergers, price maintenance and misleading advertising. With the possibility of further changes to the Competition Bureau leadership and policies, the outcome of these decisions will have an important impact on Canadian competition law enforcement and compliance in the coming years.

During the conference, a variety of informative and engaging sessions aimed at practitioners, in-house counsel and Competition Bureau staff will be offered and will discuss and debate the implications of these important developments at the CBA's National Competition Law Fall Conference.

WilmerHale Partner Steven Cherry will be speaking on the topic, "Developments in US Leniency."
