## @ThingsExpo

SANTA CLARA, CA

All major researchers estimate there will be tens of billions devices—computers, smartphones, tablets and sensors—connected to the Internet by 2020. This number will continue to grow at a rapid pace for the next several decades. With major technology companies and startups seriously embracing IoT strategies, now is the time to attend @ThingsExpo. Learn what is going on, contribute to the discussions, and ensure that your enterprise is as "IoT-Ready" as it can be
