

TiECON East

MAY 30, 2014

TiECON East is the largest startup conference on the East Coast that brings together established and startup entrepreneurs in Technology, Life Sciences, Education, and Cleantech. Entrepreneurs attend the two-day conference to learn about the latest trends in innovation, get advice from experienced entrepreneurs, and network to find their next big opportunity.

WilmerHale Partner Jonathan Cedarbaum will be a featured speaker on a panel about cyber security on May 30. The panel will focus on the struggles IT teams have with the rising number of security threats they receive, and address the direction in which cyber security is headed. This session will also debate whether or not the current wave of investments will be effective, and discuss the implications of cyber security for entrepreneurs, startups, exits and valuations.
