

WilmerHale Webinar: Minimizing Intellectual Property Infringement Liability before Product Launch

2006-12-06

Partners Colleen Superko and Wayne Kennard will be speakers at this interactive workshop highlighting potential sources of intellectual property infringement liability that can occur during product development and suggest techniques for minimizing liability exposure before a product launch. The speakers will focus on the types of risks that arise from outside the company, how to use internal analyses to help reduce those risks, and suggestions for best practices when working with outside counsel.
