
WilmerHale Counsels Dedrone in Raising \$10 Million in Series A Funding

MAY 24, 2016

WilmerHale represented Dedrone—an automated, software-based drone detection platform—in raising \$10 million in Series A Funding.

"We will use the fresh capital to accelerate the advancement and sophistication of our drone detection technology and to expand our sales and marketing teams," said Dedrone CEO and Co-Founder Jörg Lamprecht. "This funding allows us to strengthen our leadership in this emerging market."

The WilmerHale team on the transaction was led by Partner [Daniel Zimmermann](#) and included Partner [Bill Caporizzo](#) and Associates [Scott Schwertschar](#) and [Nimish Sheth](#).
