## *Law360* Ranks WilmerHale Among Top 20 Litigation Firms

SEPTEMBER 1, 2016

WilmerHale ranked among the top 20 litigation firms by *Law360* in its annual Litigation Powerhouse list. The rankings are compiled by analyzing the size of firms litigation teams in conjunction with case victories between March 1, 2015 and March 1, 2016.

*Law360* considered “the nature of the litigation victories teams were able to score for clients at trial, on appeal, or in pretrial dismissals over the past year, and eyed the new matters clients have tapped the firm to handle in recent months, choosing the firms that consistently leveraged a deep bench into outstanding wins.”

As noted by *Law360*, “The firm's 371-attorney litigation practice, which has 102 partners, punches well above its weight compared with its rivals. In the past year, the firm has racked up a number of notable wins in various stages of litigation, which attests to its ability to work collaboratively in covering multiple areas of the law.”
