

WilmerHale Represents Sonus in Merger with GENBAND to Create a Global Leader in Real-Time Communications Software Solutions

MAY 24, 2017

Sonus Networks, Inc., a global leader in securing cloud and real-time communications, and GENBAND™, a leading provider of carrier and enterprise network transformation and real-time communications solutions, announced a definitive agreement under which the two companies will combine to create a leader in next-generation communications networking, with increased scale and market reach across products, customers and geographies.

Jay Bothwick is leading the WilmerHale deal team that is representing Sonus in this transaction.
