
Cynthia Mazareas Joins Life Science Cares Board

JUNE 6, 2018

Partner [Cynthia Mazareas](#) recently joined the board of directors of [Life Science Cares](#), an organization seeking to eliminate the impact of poverty in the greater Boston-area through collective effort. Life Science Cares supports service organizations and non-profits focused on survival, education and sustainability by uniting human and financial resources. It currently works with more than 150 companies to support 19 non-profit partners.

Ms. Mazareas is the first new member to join the Life Science Cares board since the company's inception in 2016. Based in the Boston office of WilmerHale, Ms. Mazareas is a trusted advisor to companies in the life sciences, medical device and biopharmaceutical industries. She is a member of the firm's Life Sciences Group and Corporate Governance and Disclosure Group.
