2001-03-13

On February 8, 2001, Legal Business magazine named our international joint-venture law firm, Brobeck Hale and Dorr, the best US law firm in London. The firm was also nominated for the capital markets team of the year and the most enterprising law firm of the year awards.

At the UK Technology Forum dinner on March 8, 2001, Brobeck Hale and Dorr was honored as the UK Technology Law Firm of the Year. Brobeck Hale and Dorr's reputation as a pre-eminent technology firm is a tribute to its talented lawyers and staff in London, Oxford and Munich.

In addition, John Burgess, co-chair of our International Practice Group, and vice chair of the firm's Corporate Department, was recently named one of the top five IPO lawyers by IPO Journal.
