
Practical Law Company Names WilmerHale to 2012 Life Sciences Super League

2012-03-12

WilmerHale earned a place among the top ten law firms in [PLC's Life Sciences Industry Super League](#). The firm is noted as boasting “a strong transatlantic life sciences practice with substantial offerings from offices in [Frankfurt, Germany](#) and both [Boston](#) and [New York](#) in the US.”

The Super League encompasses the best law firms, according to PLC's research, who have the highest number of recommendations for their life sciences practice and lawyers in the industry, and which are spread over at least two continents.

In addition to being named to the Super League, and as determined by the results of law firm and lawyer recommendations, WilmerHale is recognized in the *PLC Life Sciences Handbook 2011/2012* as a leading law firm in the US for life sciences in corporate; commercial; and patent litigation; is highly recommended for patent counseling; and is recommended for competition/antitrust and government enforcement and investigations.

In Germany, the firm is recommended for life sciences in competition/antitrust; corporate; pricing and reimbursement; and regulatory, and is recommended in England for life sciences: corporate.

PLC also acknowledges nine individual WilmerHale lawyers for leading the firm in its life sciences work: [Steven D. Barrett](#), Karen F. Green, [Hans-Georg Kamann](#), [Rüdiger Herrmann](#), William J. Kolasky, [William F. Lee](#), [David E. Redlick](#), Alfred C. Server and [Steven D. Singer](#).
