## WilmerHale Counsels Changing Environments in \$2.5M Seed Financing

MAY 11, 2017

Changing Environments, dba Soofa, a Cambridge, Massachusetts-based startup offering smart and sustainable hardware and software solutions to make smart cities a reality, announced a \$2.5 million seed financing. The company combines advanced sensor solutions and existing sensor infrastructure to create a platform for next generation smart city applications.

The WilmerHale deal team representing Changing Environments was led by [Ed Pease](#) and [Cara Fonseca](#).
