
WilmerHale Ranks among BTI's "Power Elite" for the Fourth Year Running

2008-08-25

In its most selective year yet, WilmerHale earns a place among BTI Consulting Group's "Power Elite." According to BTI, this elite group of 13 law firms outperformed more than 95% of all others. Their rankings are based on interviews with more than 400 corporate counsel at America's largest companies, who nominate the competing law firms.

Several factors determine a firm's inclusion—the firm's ability to establish long term relationships with clients, the clients' vote of confidence for go-to firms, enthusiastic recommendation to their peers and superior levels of client satisfaction.
