## WilmerHale Represents Thermo Fisher Scientific in Transaction with GE Healthcare

2014-01-07

WilmerHale represented Thermo Fisher Scientific in a transaction with GE Healthcare announced today. Thermo Fisher has agreed to sell its cell culture (sera and media), gene modulation and magnetic beads businesses to GE Healthcare for approximately \$1.06 billion. The businesses will become part of GE Healthcare's Life Sciences division.

WilmerHale Partner [Hal Leibowitz](#) led the team advising Thermo Fisher. Other members on the WilmerHale team included partners from the corporate, tax, benefits, real estate and IP practices: [Jeffrey Hermanson](#), [Joseph Conahan](#), [Rob Burke](#), [Amy Null](#), [Keith Barnett](#), [Paul Jakubowski](#) and [Steve Barrett](#).

A press release discussing the transaction in greater detail is available on [Thermo Fisher's website](#).
