
Book Review: Attorney-Client Privilege in International Arbitration

AUGUST 29, 2017

A book review by Claudio Salas of *Attorney-Client Privilege in International Arbitration*, published by the *Journal of International Arbitration*. The author, Annabelle Möckesch, posits that attorney-client privilege is one such subject likely to lead to conflict and therefore should be governed by more specific procedural rules. Accordingly, the author structures her well-researched book to support a proposal for specific rules to govern attorney-client privilege in international arbitration. [Read the review.](#)
