Gina Schindler-Wren is a DA&I attorney on the firm's WilmerHale DiscoverySolutions department, focused on substantive and strategic areas of discovery for Litigation/Controversy matters. She joined the firm in 2008.

Ms. Schindler-Wren focuses her practice on issues of e-discovery. Specifically, she works with other attorneys, litigation support coordinators, and paralegals in order to provide efficient and cost effective discovery in litigations and investigations. Staff attorneys on these teams manage matters to create smarter document review processes through strategic and tactical work from preservation to collection and through review and production. In this role they utilize the firm's internal review software as well as e-discovery vendors' review and analytical tools.

Ms. Schindler-Wren has direct experience with document review and analysis. Prior to joining the firm, she was a contract attorney for multiple firms in Washington DC, where she reviewed documents as to relevance and privilege for matters including antitrust matters in German and English, a response to a second request issued by the FTC and the Foreign Corruption Practice Act.
