Ryan Farnsworth is a staff attorney in the firm's WilmerHale DiscoverySolutions Department, focused on substantive and strategic areas of discovery for Litigation/Controversy matters.

Practice

Mr. Farnsworth focuses his practice on issues of e-discovery. Specifically, he works with other attorneys, litigation technology project managers, and paralegals on teams that manage electronic and other documents in large cases and investigations. Attorneys on these teams take a leadership role in the document control process, systematically tracking documents from preservation to collection and through review and production. They work with e-discovery vendors and their review and analytical tools; review documents; train and oversee other firm and contract attorneys who review documents; and partner with project managers to perform production quality control.

Prior to joining WilmerHale, Mr. Farnsworth was a Pharmaceutical and Medical Device staff attorney at Shook, Hardy & Bacon LLP in Washington DC. He has also volunteered as a pro bono attorney at the Children's Law Center DC, Kids in Need of Defense, and the Washington Legal Clinic for the Homeless. In 2006, Mr. Farnsworth held a New England Law Honors Judicial Clerkship for the Honorable Charles T. Spurlock of the Suffolk Superior Court in Boston, Massachusetts.
