
Germany

Globally connected lawyers counseling clients on complex business and policy matters.

Our lawyers based in Berlin and Frankfurt work in integrated teams with peers from our offices across the United States, Europe and Asia. We offer a cutting-edge blend of capabilities that equips our lawyers to handle cases of any size and complexity. WilmerHale became one of the first US firms to open an office in Berlin in 1993. With the 2008 addition of a Frankfurt office, in Germany's business and banking hub, the team has been able to harness WilmerHale's international strengths to provide legal representation critical to the success of our clients.

With close ties to our office in Brussels, the *de facto* European Union capital, and its premier practices in European law and European regulation, we are well positioned to handle "bet the company" issues of the highest significance and to help our international clients reach their business goals in Germany, Europe and beyond.
